PEACEMAKER is a stunning auxiliary motor sailer. She was custom built for comfort. No expense was spared. The yacht is built of Ironwood "Ipe" and copper clad for the best and safest construction possible. The interior is finished in luxurious mahogany and stained glass with custom bronze ports. PEACEMAKER sleeps up to 13 guests in five staterooms and three couch berths. Her master offers a queen-size bed and en-suite bath with Jacuzzi tub and shower. Two VIP cabins also offer queen-size beds and en-suite baths with Jacuzzi tub and shower. Her additional staterooms have twin berths that can convert to kings; both have en-suite facilities with showers.

PEACEMAKER was launched in 1989 refit in 2000 and rigged for sail in 2007. She is spectacular; there is nothing like her on the market. She offers great sailing ability and long-range motoring capability. She is a head-turner in every port and was designed to sail around the world.
